Dad raises £1000 in a sponsored moustache shave

Neil Douglas, having sported a moustache for 30 years, shaved it off to raise the funds in 'thanks' to the ophthalmology department at the Edinburgh Hospital for Sick Children. Neil and Caroline's daughter Emily had cataract surgery last November. The operation was a great success and Emily has recovered well. Well Done Neil, all of his supporters and last but not least Emily.

Caution!!

Note from the Editor- I have been asked to bring to everyone's notice a recent accident on the main road, the A697, in the village centre. A young child was 'knocked down' whilst running across the road after a ball. Luckily, the driver was below the 30 mph speed limit and the child was not seriously injured. However, as we all know many drivers do not respect the limit and drive through the village at excessive speeds. This could have so easily ended in tragedy. It has been suggested that children please 'play' away from the road in a safe place.

**Do you have a plant in your garden that you particularly like?
Would you like to give us all the pleasure of seeing it? Just let me know, via the shop, and I will take/include photographs each month. This lilac has been beautiful. Bought as a 'bargain bin runt' 2 years ago, with a little 'tlc' it has flourished!**

A man wants to get rid of his wife and collect a large life insurance policy. So, he contacts Arty who agrees to do the job. He is told the man's wife will be in Cornhill Village Shop at 3pm on Tuesday and she will be wearing a red hat.

Arty arrives at the shop spots a woman in a red hat and quietly strangles her. As he is leaving he spots another woman in a red hat so he decides that he had better strangle her too and this time he is caught. The headlines in the Berwick Advertiser read

'Arty chokes 2 for the price of 1 in Cornhill Village Shop!'
